Product Description

The Ruger PC Charger chassis system features a flared magwell for improved magazine reloading capabilities as well as integrated rear-mounted QD cups for the quick connection of QD cup capable slings. Glass-filled polymer chassis system allows for the mounting of standard AR grips. Dead blow action features a custom tungsten dead blow weight that shortens bolt travel and reduces felt recoil and muzzle rise. Bolt is machined from heat treated, chrome-moly steel to ensure strength, structural integrity and durability.
