POWER THROUGH THE ELEMENTS

CHASE MORE TRAILS

Equipped with 78-Horse Power engine to give you the power to tackle more trails with ease.

PULLING POWER

Equipped with 1,500 lb towing capacity to help you haul or tow more and get back to the trails ahead.

ALL WEATHER RELIABILITY

Extreme cold, heat or precipitation won't slow you down thanks to the cranking power of the industry's largest 30 A.H. battery.

PILE IT ON

Haul more and take fewer trips back and forth with a 360 lb. combined rack capacity.

START YOUR DAY WITH CONFIDENCE

TRACTION WHEN YOU NEED IT MOST

On-Demand All-Wheel-Drive that senses when traction loss is detected for instant traction in rough or slippery terrain.

ALL DAY COMFORT

With class-leading 10.25" of rear travel and sealed bushings for smoother suspension travel and reduced maintenance.

PEACE OF MIND CLEARANCE

Ride over obstacles and take on tough terrain with class-leading 11.5" ground clearance and 26" tires.

CUSTOMIZE FOR THE WAY YOU RIDE

Adjust the level of steering assist and select different drive modes to keep you comfortable for the long haul.

THRILL RIDES HAVE NO CURFEW

LIGHT THE WAY

Ride on your own terms, day or night with the added visibility of a third handlebar-mounted pod light.

ROOM EVERYTHING YOU NEED

6 gal combined storage with integrated tie downs for countless ways to carry your gear.

READY FOR MORE

4 moveable tie-down points for easy customization and to confidently secure more.
