- Ambidextrous Manual Safety

Product Description

SCCY's CPX-1 Gen 3 is designed for concealed carry but large enough to get a good firm grip. It is considered to be one of the best priced, precision made in. Pocket Pistols in. on the market. Chambered for 9mm, it has a 3.1 in. barrel with a 16:1 in. right hand twist. The slide is machined from stainless steel and features a new, attractive, square design. This DAO has an internal hammer with inertial firing pin to prevent accidental discharge, and a slimmer external thumb safety. It has a smooth, consistent 9-pound trigger pull. It comes with two 10-round magazines with finger extensions bases installed and two flat magazine bases. Gen 3 additional features include the removal of the finger groves, picatinny rail mount, metal trigger, and the new Roebuck Quadlock design.
